General Public Comment: Jocie Wall (she did not state her address for the record) wants to understand why the CCI and CAC meetings are open to the public, while the City Council meetings are not during COVID-19

Ian Foster Planning Director those decisions are up to the City Council and should be taken up with them

CAC Update: Code Revision Process

Ian gave an update on the CAC meetings and the challenges ahead due to COVID-19. We've had 2 meetings so far with the third one scheduled for tomorrow. It will be a daunting task as we try and educate the members on land-use; the group is reading through testimony from our previous Planning Commission hearings on the Code Revision; we have a great group however, once staff finds a great teaching method, it will go more smoothly. We are going through the permitted uses now for each zone

Discussion: Community Outreach-New Methods:
The group discussed avenues in which to engage the Community, staff will provide this via townhall meetings. A discussion took place about survey cards and or comment cards in which to get feedback from the Community, and possibly having virtual townhalls to navigate around the pandemic and its challenges. We also looked at ways to help the CAC

Other Business/Agenda Items for Next Meeting: We want to make sure that the code changes the CAC makes stay in line with our visions and State goals

Next Meeting Date: Not confirmed
