Street Cut Permits ¹	Per table below

Street Cut Permit Fee Table

Age of Street Pavement*	Excavation Fee**	
	Longitudinal	Transverse
Less than 5 Years	\$4.30/linear foot of excavation	\$8.55/linear foot
Between 5 and 10 years	\$3.60/linear foot	\$7.30/linear foot
Between 10 and 15 years	\$2.45/linear foot	\$4.85/linear foot
Over 15 years	\$1.20/linear foot	\$2.45/linear foot

*Age of street pavement will be calculated based upon the period of time since the street where the excavation occurs was resurfaced, overlaid, or reconstructed. This will be measured from the fiscal year in which such work was completed to the fiscal year when a permit is issued for excavation. The City will maintain these records.

**Fee is based upon a trench width of 18 inches or less. If the trench is more than 18 inches in width, then the fee will be based upon a pro-rated square foot basis.

¹ 95% compaction or slurry backfill is required in the trench upon completion of work prior to repaving the disturbed section.
