## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor, Members of the Governing Body  
City of Jacksonville Urban Renewal Agency  
Jacksonville, Oregon

We have audited the accompanying modified cash basis financial statements of the governmental activities and the major fund of the City of Jacksonville Urban Renewal Agency (a component unit of the City of Jacksonville, Oregon), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and the major fund of the Agency, as of June 30, 2014, and the respective changes in modified cash basis financial position for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

### ***Basis of Accounting***

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Other Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The management's discussion and analysis information listed in the Table of Contents, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The other supplementary information listed in the Table of Contents is presented for purposes of additional analysis and is not required as part of the basic financial statements. This information is the responsibility of management and was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. The other supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated in all material respects in relation to the financial statements as a whole.

### ***Other Reporting Required Oregon State Regulations***

In accordance with Oregon State Regulation, we have also issued our report dated November 21, 2014 on our consideration of the Agency's compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes (ORS) as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations. The purpose of that report is to describe the scope of our testing necessary to address the required provisions of ORS, and not to provide an opinion on compliance with such provisions.

**JACKSONVILLE URBAN RENEWAL AGENCY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Fiscal Year Ended June, 30, 2014**

As management of the Jacksonville Urban Renewal Agency, we offer readers of the Jacksonville Urban Renewal Agency's financial statements this narrative overview and analysis of the financial activities of the Jacksonville Urban Renewal Agency for the fiscal year ended June 30, 2014.

**FINANCIAL HIGHLIGHTS**

- As Urban Renewal districts are intended to function, the liabilities of the Jacksonville Urban Renewal Agency exceeded its assets at the close of the most recent fiscal year by \$333,585 (*net position*). Of this amount, \$171,573 (*total assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The Urban Renewal's total net position increased by \$208,531. This increase is attributable to the continued reduction of debt principle.
- As of the close of the current fiscal year, the Jacksonville Urban Renewal Agency's governmental funds reported an ending fund balance of \$(97,934) an increase of \$97,458 in comparison with the prior year.
- The Jacksonville Urban Renewal Agency's total debt decreased during the current fiscal year by \$136,073.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Jacksonville Urban Renewal Agency's basic financial statements. The Jacksonville Urban Renewal Agency's basic financial statements comprise three components:

1. Government-wide financial statements,
2. Fund financial statements
3. Notes to the financial statements.

1. Government-wide financial statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the Jacksonville Urban Renewal Agency's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Jacksonville Urban Renewal Agency's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Jacksonville Urban Renewal Agency is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net position are reported when they result from a cash transaction.

The government-wide financial statements can be found on pages 1 and 2 of this report.

2. Fund financial statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Jacksonville Urban Renewal Agency, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**JACKSONVILLE URBAN RENEWAL AGENCY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Fiscal Year Ended June, 30, 2014**

**Governmental Funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements.

However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Jacksonville Urban Renewal Agency maintains one individual governmental fund.

The Jacksonville Urban Renewal Agency adopts an annual appropriated budget for its one fund. A budgetary comparison statement has been provided for the Urban Renewal fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 3 through 6 of this report.

3. Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 7 through 12 of this report.

Other supplementary information

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning Jacksonville Urban Renewal Agency's budget to actual statement. Other supplementary information can be found on pages 13 and 14 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Jacksonville Urban Renewal Agency, liabilities exceeded assets by \$333,585 at the close of the most recent fiscal year. This is an improvement compared to fiscal 2013 where the liabilities exceeded assets by \$542,116.

**JACKSONVILLE URBAN RENEWAL AGENCY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Fiscal Year Ended June, 30, 2014**

Analysis of Net Position

	<u>Governmental activities</u>	
	2014	2013
Current & other assets	<u>\$ 171,573</u>	<u>\$ 99,116</u>
Total assets	<u><u>\$ 171,573</u></u>	<u><u>\$ 99,116</u></u>
Long term debt	\$ 235,651	\$ 346,724
Other liabilities	<u>269,507</u>	<u>294,507</u>
Total liabilities	<u><u>\$ 505,158</u></u>	<u><u>\$ 641,231</u></u>
Unrestricted	<u>\$ (333,585)</u>	<u>\$ (542,116)</u>
Total net position	<u><u>\$ (333,585)</u></u>	<u><u>\$ (542,116)</u></u>

The Agency's net position increased by \$208,531 during the current fiscal year.

**Governmental activities**

Governmental activities increased Jacksonville Urban Renewal Agency's net position by \$208,531. Key elements of this increase are as follows:

Analysis of Changes in Net Position

	<u>Governmental Activities</u>	
	2014	2013
<b>Revenues</b>		
General revenues:		
Property taxes	\$ 259,905	\$ 231,866
Earnings on investments	<u>2,949</u>	<u>2,647</u>
Total revenues	<u>262,854</u>	<u>234,513</u>
<b>Expenses</b>		
Materials and services	40,454	49,294
Interest on long-term debt	<u>13,869</u>	<u>18,141</u>
Total expenses	<u>54,323</u>	<u>67,435</u>
Change in net position	208,531	167,078
Beginning net position	<u>(542,116)</u>	<u>(709,194)</u>
Ending net position	<u><u>\$ (333,585)</u></u>	<u><u>\$ (542,116)</u></u>

Property taxes increased by \$28,039 (12.1 percent) during the year.

**JACKSONVILLE URBAN RENEWAL AGENCY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Fiscal Year Ended June, 30, 2014**

**FUND ANALYSIS**

As noted earlier, the Jacksonville Urban Renewal Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Jacksonville Urban Renewal Agency's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Jacksonville Urban Renewal Agency's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Jacksonville Urban Renewal Agency's governmental funds reported an ending fund deficit of \$(97,934), an improvement of \$97,458 in comparison with the prior year. The Urban Renewal fund is primarily restricted for the payment of debt service. The net increase in fund balance during the current year in the debt service fund was the result of paying down debt.

**DEBT ADMINISTRATION**

At the end of the current fiscal year, the Jacksonville Urban Renewal Agency had the following outstanding debt.

	Balance June 30, 2013	Additions	Reductions	Balance June 30, 2014
<u>Governmental-type Activities:</u>				
Loan payable - OTIB	\$ 346,724	\$ -	\$ (111,073)	\$ 235,651
Loan payable - City of Jackson	294,507	-	(25,000)	269,507
 Total	 \$ 641,231	 \$ -	 \$ (136,073)	 \$ 505,158

The Jacksonville Urban Renewal Agency's debt decreased by \$136,073 due to the principal payments of debt.

Additional information on the Jacksonville Urban Renewal Agency's debt can be found in note 5 on page 11 of this report.

**Economic Factors and Next Year's Budget and Rates**

The City remains primarily a bedroom community, of which tourism has a large economic impact. Due to its demographics and its geographic location in relation to Medford and Ashland, a high percentage of our population commutes for employment.

The City's official population estimate as of July 1, 2014 was 2,840, reflecting no increase from the previous year. The assessed value of property in the City was \$386 million and \$369 million in 2014 and 2013, respectively. The increase in assessed value should provide an increase in property tax revenue in fiscal 2015.

Anticipated Highlights for the fiscal year 2014-2015 are ongoing work towards renovation of the courthouse.

**JACKSONVILLE URBAN RENEWAL AGENCY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Fiscal Year Ended June, 30, 2014**

**REQUEST FOR INFORMATION**

The City's financial statements are designed to present users with a general overview of the City's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to City Hall P.O Box 7, 110 E. Main Street, Jacksonville, OR 97530. The City's telephone number is 541-899-1231.

**NET CHANGE IN FUND BALANCE** \$ 97,458

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**JACKSONVILLE URBAN RENEWAL AGENCY**  
**Notes to the Basic Financial Statements**  
**June 30, 2014**

**Note 1 – Summary of Significant Accounting Policies**

The financial statements of the City of Jacksonville Urban Renewal Agency (the Agency) have been prepared in accordance with a special-purpose framework other than generally accepted accounting principles (GAAP). The special-purpose framework utilized by the Agency is the modified cash basis of accounting.

The more significant of the Agency accounting policies are described below.

**The Financial Reporting Entity**

The Agency was organized in 2002 under the provisions of ORS Chapter 457 as the urban renewal agency in the City of Jacksonville, Oregon (City), responsible for implementing various public improvement projects as identified in the revitalization plan of the City. The “tax increment financing” method is being used to provide funds for the Agency. Under this method, a base year value within the urban renewal area is established for the duration of the urban renewal program. Any increase in the assessed value over the base year cannot be used by the assessor to compute tax rates for the local taxing bodies. The assessor computes the tax rate on the base year value of the area and then applies that rate to the increase in assessed value. The tax on the increased value can be used by the Agency only to pay indebtedness incurred to finance the urban renewal projects. Project management and administration are performed by City personnel.

The Agency’s governing body is identical to that of the City, and because the services of the Agency are for the benefit of the City, the Agency. A determination was made by using guidance provided for in GAAP that the Agency is a blended component unit of the City. As a result, the Agency’s financial statements are blended with those of the City by including them in the appropriate statements and schedules of the City’s Annual Financial Report. Copies of which may be obtained from the City Treasurer, P.O. Box 7, Jacksonville, OR 97530.

**Financial Statement Presentation, Measurement Focus and Basis of Accounting**

***Government-Wide Financial Statements***

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Agency. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. In the case of the Agency, no business-type activities exist.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. The Agency does not have *program revenues* and reports taxes and investment earnings as *general revenues*.

In the government-wide statement of net position and statement of activities, governmental activities are presented using a modified cash basis of accounting. The modified cash basis of accounting uses elements of both the cash basis and accrual basis of accounting. Under the cash basis, transactions are recognized when there is either incoming cash or outgoing cash; thus, the receipt of cash triggers recordation or revenue, while the payment of cash triggers the recordation of expense. Under the accrual basis, revenue is recorded when earned and expenses when incurred, irrespective of any cash transaction. The modified cash basis records short term items when cash levels change hands (i.e. the cash basis), and records longer-term balance sheet items with accruals. The Agency makes certain exceptions to short term assets and liabilities that result from cash transactions. For example, the Agency accrues a current liability amounts due to the City as of June 30, 2014. The long-term items recorded by the Agency include; Long Term Loans Payable.

**JACKSONVILLE URBAN RENEWAL AGENCY**  
**Notes to the Basic Financial Statements**  
**June 30, 2014**

**Note 1 – Summary of Significant Accounting Policies (continued)**

The modified cash basis is a special-purpose framework other than GAAP. If the Agency utilized GAAP, the government-wide financial statements would use the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses when incurred, regardless of timing of related cash flows.

***Fund Financial Statements***

The Agency uses one fund to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance, and to aid financial management by segregating transactions related to certain functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into two categories: governmental and proprietary. Each category, in turn, is divided into separate funds. The Agency only has one governmental fund.

***Governmental Fund***

The Agency uses one fund to account for its activities (Urban Renewal Fund).

The governmental fund financial statements are presented on the cash basis of accounting with one exception associated with current liability amounts due to the City as of June 30, 2014.

The cash basis is a special-purpose framework other than GAAP. If the Agency utilized GAAP, the governmental fund financial statements would use the modified accrual basis of accounting with a current financial resources measurement focus whereby only current assets (deferred outflows) and current liabilities (deferred inflows) are included in the balance sheet. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available).

Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements, reconciliation is provided to explain the differences between the governmental fund statements and the governmental column of the government-wide presentation. This reconciliation is part of the financial statements.

When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as they are needed.

**Cash and Cash Equivalents**

The Agency participates in the City's cash and investment pool.

The Agency's cash and cash equivalents are considered to be cash on hand, demand deposits, Local Government Investment Pool deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments for the Agency are reported at fair value. The Agency participates in the Oregon State Treasurer's Local Government Investment Pool (LGIP), an open ended, no-load diversified portfolio created under ORS 294.805 to 294.895. The LGIP is administered by the State Treasurer and the Oregon Investment Council with the advice of the Oregon Short-Term Bond Fund Board. The Oregon State Treasurer's Office has calculated the fair value of the underlying investments of the LGIP and the Agency's share of fair value is the same as the reported value. The Agency's investment portfolio as of June 30, 2014, is representative of the types of investments made throughout the year.

**JACKSONVILLE URBAN RENEWAL AGENCY**  
**Notes to the Basic Financial Statements**  
**June 30, 2014**

**Note 1 – Summary of Significant Accounting Policies (continued)**

**Long-term obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities, statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**Net Position and Fund balance**

In the government-wide financial statements, equity is classified as net position and displayed in the following component:

Unrestricted net position – consists of all other net position that does not meet the definition of the above two components and is available for general use by the Agency.

In the fund financial statements, governmental fund equity is classified in the following category:

Unassigned – This is the residual classification used for those balances not assigned to another category.

**Use of Estimates**

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Note 2 – Stewardship, Compliance, and Accountability**

**Budgetary information**

The Agency Council budgets all funds. A Council order authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. Either expenditures by department within funds or total personal services, materials and services, capital outlay, debt service and other expenditures by fund are the levels of control established by the Council order. The detail budget document, however, is required to contain more specific, detailed information for the above mentioned expenditure categories. All annual appropriations lapse at fiscal year-end.

**JACKSONVILLE URBAN RENEWAL AGENCY**  
**Notes to the Basic Financial Statements**  
**June 30, 2014**

**Note 2 – Stewardship, Compliance, and Accountability (continued)**

Unexpected additional resources or appropriations may be added to the budget through the use of a supplemental budget. A supplemental budget requires hearings before the public, publications in newspapers, and approval by the Council. Original and supplemental budgets may be modified during the fiscal year by the use of appropriations transfers between the levels of control. Such transfers require approval by passing a Council resolution authorizing the transfer. All budget amendments are subject to the limitations set forth in Oregon Revised Statutes 294.305 through 294.565 (Oregon Budget Law). Supplemental appropriations, permitted by Oregon Budget Law, were authorized by the City Council during the year. The Agency does not use encumbrances.

Annual budgets are adopted on a basis consistent with the cash basis of accounting for all funds. The nature and amount of all significant adjustments necessary to convert data prepared on a basis consistent with fund accounting to a cash basis are noted on the budget to actual statements included as supplementary information.

**Deficit fund equity**

The Urban Renewal Fund had a deficit fund balance of \$(97,934) as of June 30, 2014.

**Note 3 – Cash and Cash Equivalents**

Cash and cash equivalents are comprised of the following as of June 30, 2014:

Deposits with Local Government Investment Pool	<u>\$ 171,573</u>
--	-------------------

**Interest rate risk - Investments**

The Agency does not have a policy regarding interest rate risk. The Agency's investment portfolio consisted of investments in the LGIP.

**Credit risk – Investments**

Oregon Revised Statutes, Chapter 294, authorize the Agency to invest in obligations of the U.S. Treasury, U.S. Government Agencies, banker's acceptances guaranteed by an Oregon financial institution, repurchase agreements, State of Oregon Local Government Investment Pool, certain high grade commercial paper, and various interest bearing bonds of Oregon municipalities, among others. The Agency has not adopted a policy for credit risk beyond those required by ORS Chapter 294

**Concentration of credit risk – Investments**

The Agency does not have a policy regarding concentration of credit risk.

**Custodial credit risk – Investments**

For an investment, this is the risk that, in the event of the failure of the counter party, the Agency will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The LGIP's collateral requirements are mandated under ORS Chapter 295 and are considered to have little or no custodial credit risk exposure. The Agency has not adopted a policy for custodial credit risk.

**Note 4 – Note Payable – City of Jacksonville**

At the end of the current fiscal year, the Agency had an outstanding payable totaling \$269,507 to the City. The amount will be repaid as revenues are available.

**JACKSONVILLE URBAN RENEWAL AGENCY**  
**Notes to the Basic Financial Statements**  
**June 30, 2014**

**Note 5 – Long-Term Liabilities**

Long-term liability activity for the year ended June 30, 2014:

	Balance June 30, 2013	Additions	Reductions	Balance June 30, 2014
<u>Governmental Activities</u>				
Bank Loan (OTIB)	\$ 346,724	\$ -	\$ (111,073)	\$ 235,651
Total Governmental Activities	<u>\$ 346,724</u>	<u>\$ -</u>	<u>\$ (111,073)</u>	<u>\$ 235,651</u>

**Business Loan (OTIB)**

On October 3, 2003 the City entered into a Business Loan Agreement, Promissory Note, and Security Agreement with Oregon Transportation Infrastructure Bank Loan (OTIB). The Loan was obtained for street improvement. Annual payments of interest only for the first 2 years, then annual payments of principal and interest of 4.0% are required on August 1 of each year for 10 years. The debt service on this loan is paid by the Urban Renewal Fund.

Annual debt service requirements associated with the Business Loan are as follows:

Year Ending June 30,	Principal	Interest	Total
2015	\$ 115,515	\$ 9,426	\$ 124,941
2016	120,136	4,805	124,941
	<u>\$ 235,651</u>	<u>\$ 14,231</u>	<u>\$ 249,882</u>

**Note 6 – Risk Management**

The Agency is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Agency carries commercial insurance. The Agency has not elected to self-insure for any of these risks, except for the deductible portions of the commercial insurance. Insurance coverage is provided through the City.

During the current year, there were no significant reductions in insurance coverage from the prior year in any major category of coverage. In addition, insurance settlements have not exceeded insurance coverage during any of the past three years.

**Note 7– Current Vulnerability Due to Certain Concentrations**

The Agency’s operations are concentrated within Jackson County. In addition, substantially all of the City’s revenues for continuing operations are from federal, state, and local government agencies.

**Note 8 – Subsequent Events**

Management of the Agency has evaluated events and transactions occurring after June 30, 2014, through November 21, 2014, the date the financial statements were available for issuance, for recognition and/or disclosure in the financial statements.

**JACKSONVILLE URBAN RENEWAL AGENCY**  
**Notes to the Basic Financial Statements**  
**June 30, 2014**

**Note 8 – Subsequent Events (continued)**

On August 15, 2014, the City of Jacksonville, Oregon (the City) entered into a full faith and credit financing agreement note with Umpqua Bank in the amount of \$1,000,000 (the Series 2014 Obligations). The purpose of the loan was for capital improvements to historic property in the City's urban renewal district. The outstanding principal balance of the note shall bear interest at the rate of 3.04% per annum. Interest is due and payable semiannually on November 1<sup>st</sup> and May 1<sup>st</sup>. Principal is payable annually on May 1<sup>st</sup> (commencing May 1, 2015). The note matures on May 1, 2021. Payments under this note are payable from the general, non-restricted revenues of the City. The obligation of the City to make payments under this note is a full faith and credit obligation of the City, but shall be subject to annual appropriation. The agreement of this note is not secured by any lien or security interest on any property.

On August 15, 2014, the City and the Agency entered into an intergovernmental agreement in connection with the Series 2014 Obligations. As a result the Agency shall transfer tax increment revenues and proceeds to the City in amounts and times sufficient for the City to pay the Series 2014 Obligations under the terms of such obligations.

### **SUPPLEMENTARY INFORMATION**

Reconciliation of budgetary revenues and expenditures to changes in net position, general fund and governmental fund.

### **MAJOR GOVERNMENTAL FUND**

*Urban Renewal Fund* – This fund accounts for receipts from property tax increment for its specified area. The funds are restricted for maintenance and capital improvements.

## **INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS**

Honorable Mayor, Members of the Governing Body  
City of Jacksonville Urban Renewal Agency  
Jacksonville, Oregon

We have audited the basic financial statements of the City of Jacksonville Urban Renewal Agency (the Agency) as of and for the year ended June 30, 2014, and have issued our report thereon dated November 21, 2014. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

### **Compliance**

As part of obtaining reasonable assurance about whether The Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not the objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures but were not limited to the following:

- Deposit of public funds with financial institutions under ORS Chapter 295.
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required under ORS Chapter 294.
- Insurance and fidelity under bonds in force or required by law.
- Programs funded from outside sources.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing under ORS Chapters 279A, 279B, 279C.

In connection with our audit, nothing came to our attention that caused us to believe the Agency was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administration Rules 162-10-000 through 162-10-320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*.

## **OAR 162-10-0230 Internal Control**

In planning and performing our audit, we considered the Agency's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

### **Restrictions on Use**

This report is intended solely for the information and use of the governing body and management of the Agency and the State of Oregon, Division of Audits and is not intended to be and should not be used by anyone other than these specified parties.
