The City of Jacksonville now has a service for Online Account Management and Bill Payment for your City Services Water bill. With this system you can make a payment, view your bill, set up paperless billing, see your usage history and look at your account history.

**Step One:** On the home page of the City of Jacksonville Website, (www.jacksonvilleor.us) click on payments.

**Step Two:** Click on the link to Jacksonville's City Services Bill Payment and Online Account Management System.

This will bring you to the landing page of the online account management system below. When you are on this landing page you can either set up an online profile or make a one time payment. To do either of these options you will need your complete account number and the last name on the account, therefore have your billing statement in front of you. If you set up an online profile, you will be able to see your account history as well as save your payment methods so that you do not have to re-enter the information every time you would like to make a payment.
